**Health Guarantee**

We offer a 6-month health guarantee against any issues that are deemed genetic or preexisting at purchase. We will not cover illness or death related to hibernation, improper temperature, improper diet, breeding, failure to seek timely veterinary treatment, trauma, abuse, or any other mistreatment. In case of death a necropsy will be required. Contact us immediately if your hedgehog passes away to make arrangements. The deceased hedgehog must be kept cold but not frozen.

If a veterinarian finds that your hedgehog's illness or death is genetic or pre-existing we will provide a replacement hedgehog of equal or lesser value. Our guarantee does not cover the cost of veterinary care, necropsies, or shipping. We reserve the right to seek a second opinion.

**Wobbly Hedgehog Syndrome (WHS)**

We offer a lifetime guarantee against Wobbly Hedgehog Syndrome. If WHS is confirmed through necropsy by an approved veterinarian we will offer a replacement hedgehog. Wobbly Hedgehog Syndrome (WHS) is a neurological disease that causes a hedgehog's movement to slowly degrade causing a slight wobble that gets progressively worse over a period of many months. It is most common in younger hedgehogs. The only way to diagnose WHS is through a necropsy performed by a veterinarian. In a live animal, WHS may be suspected if the symptoms match and all other possible causes (such as ear infection or trauma) have been ruled out. WHS is rare, it is almost never WHS so this should never be the first assumption when a hedgehog is ill. If your veterinarian suspects WHS it is important to contact us right away so that we can discuss options.

**Breeding**

Our hedgehogs are sold as pets only. Breeding is not recommended or supported due to the many risks and complications associated with it.

Breeding, whether intentional or accidental, will void all guarantees we offer.

**Returns**

You may return your hedgehog to us at any time for any reason but it will be considered a surrender and no compensation will be given.

**Medical Disclosure**

\_\_\_ This animal has not required medical care.

\_\_\_ This animal has received medical care and a copy of the medical record has been provided to the purchaser.
